

Short CV

	ŠEBKOVÁ KATEŘINA
	Dr.
	National Centre for Toxic Compounds and the Stockholm Convention Regional Centre in the Czech Republic
	Czech Republic
	<p>Kateřina is a chemist. She worked as expert and negotiator for the Czech Ministry of Environment in chemicals management for eight years. She joined the Research Centre for Toxic Compounds in the Environment (RECETOX), Faculty of Science, Masaryk University, Brno, Czech Republic in 2012. She is in charge of the National Centre of Toxic Compounds and of the Stockholm Convention Regional Centre hosted by RECETOX. Her work comprises cooperation with Czech and international stakeholders regarding chemicals, teaching, training, and support policy-science communication and application of science in practice. She collaborates with international organizations such as UN Environment, World Health Organization, UNIDO, UNDP and Secretariats of the environmental agreements protecting human health and environment from toxic chemicals.</p>
